

**Control Pad Size:**

4.6H X 2W X .72D (in)

117.4H X 51W X 18.2D (mm)

Control Pad Weight:

.2lbs (.09kg)

Battery:

Rechargeable Polymer Lithium-Ion

Battery Life:

Operating 10 hrs

Standby 40 hrs

Charge Time 3hrs

Range:

(indoor) up to 100 ft.*

NuVo reserves the right to change specifications without notice.

*Maximum wireless signal range may vary. Network conditions and environmental factors, including building materials and construction, may affect signal range.

Wireless control in the palm of your hand.

Take control with you from room to room with NuVo's new elegant Wireless Control Pad. The OLED display lets you view and navigate your entire music library from this intelligent palm-held device. Its RF communication enables you to select and control music throughout the entire house without moving from your chair.

Simple and sleek, the user interface is as easy as NuVo's in-wall controllers. Just kick back, select a zone, and select a tune. We'll have you singing along in no time.

Features:

- Radio Frequency (2.4 GHz) for bi-directional wireless control
- Maximum output power allowable by world standards, optional repeater for difficult environments
- Zone roaming for the ability to use from zone to zone
- NuVoNet communication for complete control and navigation of the NuVo system and source components
- Vivid 1.6" OLED display for clear readability of menu and display information with up to 8 lines of scrolling text
- Small, contoured design fits right in your hand
- Slender Lithium Polymer battery holds 10 hours of continuous operation charge
- Recharging dock
- Power saving mode with built-in motion detection for immediate responsiveness
- Brightness adjustment
- Coordinator has the capacity to receive and transmit to up to 5 different Wireless Control Pads
- Easy system integration with basic zone addressing
